

MA.5.AR.2.1

## 5<sup>th</sup> Grade FAST Test Prep Freebies

A numerical expression is shown below.

$$\frac{1}{2}(36 \div 6)$$

Complete the mathematical description by filling in the blanks.

the

Twice  
Half  
12 times

difference of 36 and 6.  
product of 36 and 6.  
quotient of 36 and 6.  
sum of 36 and 6.
