TAKING ON THE B.E.S.T.

MA.5.FR.2.2 | 📹 **Video Lesson** | **Multiplying Fractions Less Than One**

Find the product of each expression. Include a visual model and a standard algorithm. Simplify the fractions for extra practice.

1 $\dfrac{4}{5} \times \dfrac{2}{3}$

2 $\dfrac{3}{8} \times \dfrac{3}{4}$

3 Lamar has $\dfrac{1}{2}$ cup of sugar. He uses $\dfrac{1}{4}$ of the sugar for a recipe. How much sugar did he use?
